GMT Everyday Credit Card

| Santander UK - Where

credit cards use a

'representative APR', this

means 51% of successful

applicants must be given

the stated rate. With credit

cards, the rate for purchases

(as opposed to balance

transfers or cash

withdrawals) is used as the

main rate to advertise the

card. Official APR

Examples: All credit cards -

Money Saving Expert -

With a balance transfer you

get a new card to pay off

debt on old credit and store

cards, so you owe it instead,

often at 0% interest “

sometimes for a small fee.

Balance transfer credit

cards: up to 32 months 0% -

MSE -
